

My name is Bonnie Huff and I have been blessed to teach here at Joyful Noise for 19 years. My degree is in Early Childhood Education, and I truly love to be with this age group. Preschool age is such a wondrous time for all of these children. They have so much fun learning and growing each and every day. It's a joy to watch this happen right before my eyes!

I live in York with my husband, Bill, and our cat, Cole. I am originally from Upstate NY and moved here to the York area 23 years ago. My daughter, son-in-law, and granddaughter live just a few miles away. So, family is always close. I love spending time with my granddaughter; she is a blessing and a joy! Some of my favorite things are spending time with family & friends, singing with my church, painting, hiking, walking outside and traveling.
