

Hi, my name is Kristin Gonzalez. This is my second year as the lead teacher in the three-year-old classes, and my fourth year working at Joyful Noise Preschool. I have been an assistant in the four-year-old classes, young three classes, and the Art's Everywhere class. I have loved working with all of these age groups, but truly enjoy the three-year-old age group—it is such a special time of wonder for them as they learn and grow.

I graduated from Juniata College in 2005 and began working as a TSS with children in the schools. I am originally from York, but about 5 years ago moved back from North Carolina with my husband, Scott. We have 2 children, a daughter and a son. My son is a JNP Alumni. I have been a stay-at-home mom for almost 11 years, but I am a very active parent

volunteer at the schools, for some of my kids' sports teams and also with Scouts. When I'm not busy with my kids' schedules, I enjoy bowling, reading and traveling.
