

Hello, my name is Michele Dobe and I am the assistant teacher in the Butterfly class. This will be my third year working at Joyful Noise Preschool. I love getting to spend my mornings with some pretty amazing kids!

My husband Ray and I have three children. We moved to York from Baltimore, MD about 13 years ago. Two of my children are Joyful Noise alumni. In their time there I often volunteered at JNP and continued to volunteer as they moved into elementary school. I have served as room mom in school and was a volunteer coach for my children's sports teams.

In my free time I enjoy running, yoga, and reading. I also enjoy anything involving the outdoors and having adventures with my family.
