

Hi, my name is Suzanne Madden and I am teaching the Grasshopper Classes. I have been a member of the Joyful Noise Preschool staff since its creation! I will be starting my 22nd year and I have worked with every age group and every class. I love the relationships that I am able to establish with both the children and the amazing parents.

My husband, Ray, and I have lived in Red Lion for 30 years. I have two children and two granddaughters; they are my everything and I like to spend as much time with them as I can! In my free time, I like to read. I'm always looking for new book suggestions!
